

NEWS RELEASE (DRAFT1)

Release No. 114-12-13

FOR RELEASE AT 8 A.M. EST, THURSDAY, DECEMBER 5, 2013

Louisiana-Pacific Corporation and Casella Waste Systems, Inc. Announce the Sale of US GreenFiber, LLC

NASHVILLE, Tenn. and RUTLAND, Vt. (Dec. 5, 2013) – Louisiana-Pacific Corporation (“LP”) (NYSE: LPX) and Casella Waste Systems, Inc. (“Casella”) (Nasdaq: CWST), today announced that they have sold their membership interests in US GreenFiber, LLC (“GreenFiber”) to a limited liability company formed by Tenex Capital Partners, L.P. for total cash consideration of \$18.0 million. They expect net cash proceeds to be approximately \$9.0 million, after the working capital true-up and the repayment of indebtedness and other transaction expenses.

“Through our GreenFiber joint-venture, we have enjoyed a successful 12 year partnership with Louisiana-Pacific and the GreenFiber management team,” said John W. Casella, chairman and chief executive officer of Casella Waste Systems, Inc. “Initially, the GreenFiber cellulose insulation manufacturing business provided a natural hedge for recycled paper processed at our MRFs, however this intrinsic benefit dissipated after the sale of our non-integrated MRFs in March 2011.” “Over the last 5 years, the GreenFiber management team did an excellent job navigating the deep downturn in the housing market,” Casella said. “And, with their recent improved performance we took the opportunity to exit this non-core investment.”

LP CEO Curt Stevens said, “Casella has been a great partner through the years of our joint ownership, and we are pleased with the successful sale of GreenFiber to Tenex Capital Partners. ”

LP and Casella were represented by Greentech Capital Advisors Securities, LLC in the marketing and sale of GreenFiber.

About LP

Louisiana-Pacific Corporation is a leading manufacturer of quality engineered wood building materials including OSB, structural framing products, and exterior siding for use in residential, industrial and light commercial construction. From manufacturing facilities in the U.S., Canada, Chile and Brazil, LP products are sold to builders and homeowners through building materials distributors and dealers and retail home centers. Founded in 1973, LP is headquartered in Nashville, Tennessee and traded on the New York Stock Exchange under LPX. For more information, visit www.lpcorp.com.
